

## Family and Friends Paper Chain

What you will need:

- Construction paper or card stock in various colors
- Scissors
- Markers or crayons
- Stapler and staples

Directions:

Cut the paper or card stock into strips. (I cut card stock crosswise into strips that were 8 1/2 x 1 1/2 inches, which worked quite well.)

Ask family members and friends to each write their names on and decorate a colored strip with the markers.

Bend the first colored strip into a loop and staple. Insert another colored strip into that loop, bend into a circle, and staple.

Keep adding links as more friends and family decorate additional strips. Watch it grow!

Drape around your tree or use your paper chain to decorate a doorway or mantle.
