

Spritz Cookies

1 cup butter, softened
3/4 cup of sugar
1 egg
1 tsp vanilla
2 1/2 cups flour
1/2 tsp baking powder
Pinch of salt
Green food coloring (optional)

Directions:

Preheat oven to 375°F.

In a mixer, cream the butter. Add sugar and cream again.
Beat in egg and vanilla. If using food coloring, mix in now.
In a separate bowl, stir together dry ingredients.
Add dry ingredients and mix until combined.

Fit a Christmas tree disc into a cookie press, and fill with dough.
Press cookies onto an ungreased cookie sheet. Decorate with
multi-colored sprinkles (they look like tiny, ball ornaments).

Bake for 6 minutes. Let cool on the sheet for a minute, then
transfer to a cooling rack. Store in an airtight container.

Note: I prefer an old-fashioned Wilton cookie press because I
can control the amount of dough that is expressed each time. My
press makes cookies that are about 2 inches in size. If your press
makes bigger cookies, adjust the baking time.
